Career Objective

A passionate Software Engineering graduate with practical experience in web development, cybersecurity, and data analysis. I aim to contribute to innovative teams by enhancing platforms, securing systems, and solving real-world technical challenges

Education

Bachelor of Engineering in Software Engineering, Hail University (2019/05–2024/06)

Experience

IT specialist Intern – King Salman Hospital, Hail (07/2023 - 01/2024)

- Assisted in securing the hospital's IT infrastructure against cyber threats.
- Provided IT support and troubleshooting for hospital staff.
- Used Excel and Python for hospital data analysis and reporting.
- Managed Linux systems and optimized IT operations.
- Supported the hospital's call center in resolving technical issues.

Projects

- Task Management System
- Student Ideas Management Platform
- Weather App
- Product Management System

CERTIFICATE

- eJPTv2 – eLearn Security Junior Penetration Tester
- Software security
- Google IT Support
- ICDL (International Computer Driving License)

Training & Courses

- Tuwaiq bootcamp Full-Stack (2025/04-2025/07)
- CCNA (2024/01-2024/03)
- Cybersecurity Bootcamp (Tuwaiq Academy) (2025/06-2025/08)
- IT Help Desk (TCM Security). (2023/09-2023/12)

Skills

Technical Skills

Data Analysis & Development

- Data Analysis (Python, Excel, SQL)
- Web Development (HTML, CSS, JavaScript, React, MongoDB, Bootstrap, Tailwind, Typescript)
- Programming Languages: Python, Bash

Cybersecurity

- Penetration Testing (Web, Network, Mobile)
- Digital Forensic Investigations

IT & Networking

- Network Security & Troubleshooting
- IT Help Desk & Technical Support
- Software Installation & Configuration
- Operating Systems: Windows, Linux

Soft Skills

- Problem-Solving & Critical Thinking
- Adaptability & Flexibility
- Team Collaboration & Communication
- Time Management

Languages

English – Advanced
